FC114 FEATURES

FC114 Features:

- New modern design with state of the art touch screen technology
- Increased speed and efficiency in both creasing and perforating
- Job memory for storing complex or reoccurring jobs
- 8 pre-set jobs for quick set ups on your most common jobs
- Automatic Perfect Bind set-up
- 12 custom crease locations available on each sheet
- Non-marking feed wheels for easy feeding
- Micro lateral adjustment for fine tuning perforation location
- 3 standard (5-1, 9-1, 12-1) perf blades and 2 (96 tooth & 185 tooth) microperf blades available
- Optional burr flatner assembly available for creating an extra flat perf
- Optional narrow margin perf assembly for perforating near the edge of a sheet
- All measurements in millimeters to avoid conversions and decimal points
- Fine tune adjustment of crease location(s) to a fraction of a millimeter
- New auto adjusting gripper wheels provide consistent grip and decrease set up time.
- Improved modular feeder design for UV Coaters
- Dedicated feed mode which allows you to set sheet spacing
- Easy to set feed rails for quick set-ups and square feeding
- Simple programming allows you to number, perforate, or score individually or simultaneously.
- Gothic (7) wheel reverse numbering heads offer many repeat sequences: 0,1,2,3,6 and 4 drop zeros.
- Sheet Counter
- Automatic Top Feed Friction Rollers
- Each numbering head can be programmed individually for multiple numbering.
- Numbers virtually anywhere on a sheet, from lead edge and numbers within .01" of previous number.
- Number single sheets or crash number up to a 10 part carbonless form.
- Patented self inking disposable ink cartridges: no re-inking required, (approx.) 25,000 impressions per cartridge. Ink available in red or black.

Top Feed Friction Rollers

Linear Perforating Standard

RAC Compression Crease Assy

Warranty

Count warrants each new machine against defective parts and workmanship. One year warranty on electrical and mechanical parts. 90 days on Numbering Heads. Excludes consumable items.

Specifications

- Electrical: 115/230 50/60hrz
- Max Sheet size: 18" x 20" (45cm x 50cm)
- Min Sheet size: 5" x 5" (8cm x 12cm)
- Stock Weights: 16lb. - 16 point
- Net Weight - 200 lbs. 250 lbs. Crated.
- Overall dimensions L:44" H:44" W: 32"
- Compressed air required to run numbering head (not included).

Microlateral for easy side to side micro adjustments

Easy Skew adjustments for squaring the stock.
